Will Be Undertaken As Reprisal Against German Mines

RUSSIA WARNS FINNS Sends Virtual Ultimatum To Defiant Small Country

LONDON, Nov. 27.—An order in council authorizing the seizure of German exports to Finland was signed by King George VI. and the order was signed by the British government.

The order is the first of a series of measures which the British government has taken in response to the Finnish ultimatum.

The ultimatum was issued by the Finnish government on Nov. 25, demanding that the British government should take steps to ensure that no arms or munitions should be exported to Finland.

The British government has refused the ultimatum, and has taken steps to ensure that no arms or munitions should be exported to Finland.

BUDGET MEET IS ARRANGED BY PRESIDENT

Conference Will Be Held At Warm Springs To Discuss Problems

'RED' AGAIN CERTAIN \$500,000,000 Must Be Added To Expenditures For Defense

WARM SPRINGS, Ga., Nov. 27.—(AP)—President Roosevelt arranged a conference on national budgetary problems today, interrupting his holiday visit with official business for the first time since he arrived last Wednesday.

Budget Director Harold D. Smith was called to come by plane from Washington. With little more than a month before the budget must be submitted to congress, Mr. Roosevelt decided to take the afternoon to go over some items with the director.

What the net result of the talk would be was uncertain, but the administration must add \$500,000,000 to expenditures for defense and prune down other portions of the budget whenever it is feasible.

That the government will run "into the red" again appears certain. But Mr. Roosevelt has said there was a possibility, as compared with this year, of cutting the deficit in half.

The budget will cover the year beginning July 1. It will estimate for congress how much the administration believes the government must

SALE OF WHEAT NOT HELPED BY EUROPEAN WAR

American Export Of This Grain Likely To Fall Below Last Year

WASHINGTON, Nov. 27.—(AP)—The first year of European war will prove no boon for the American wheat farmer, the agriculture department declared today.

In fact, exports of the grain, including wheat, all over the world may total only \$25,000,000 bushels compared with \$30,000,000 in the previous season.

Abundant supplies of grain in most parts of the world and larger than normal crops in importing countries tend to limit the increased purchases ordinarily expected in wartime.

TESTIMONY IN DR. DILLON'S TRIAL BEGINS

Judge Overrules Additional Motions For Continuance

Additional motions for a continuance in the trial of Dr. Harvey Dillon, aged 40, superintendent of Louisiana Training institute, charged with embezzling from the institution, were overruled today in district court and taking of testimony began.

Dillon's counsel argued for the continuance on the grounds it had insufficient time to prepare a proper defense and that a material witness, J. Lloyd Warren, president of the reformatory's board of trustees, was in the Ouachita parish police jury, could not be found for summoning as a witness.

PREJUDICE ALLEGED

Borah Fails To Act On Demand Four Newspapers Be Cited

NEW ORLEANS, Nov. 27.—(AP)—Federal District Judge Wayne C. Borah today overruled the plea of A. L. Shushan and four codefendants for a continuance of their December 4 trial on mail fraud charges.

The ruling of the judge, who took the defendants' requests under advisement last Friday, included pleas in abatement, demurrers, continuance, and motions for bills of particulars, and to quash the indictment.

Principal plea of attorneys for the quintet was that they could not receive a fair trial because of the newspaper publicity surrounding their case.

Those charged with Shushan were Herbert W. Wagpack, Robert J. Newman, Norvay Trent Harris, Jr., and Henry J. Miller.

The indictment was returned in connection with refunding operations of the Orleans parish levee board and involved a "fee" of about half a million dollars, paid in bond refunding operations.

The defense attorneys, claiming the newspapers and prosecuting attorneys had "handcuffed" their clients to the issues of the current political campaign, asserted that prospective jurors have been "prejudiced consciously or unconsciously."

Pleas in abatement charged that the grand jury which returned the indictment had no competent evidence for its findings and had been prejudiced by the presence in the jury room of five unauthorized persons.

These five, according to the defense arguments, were Harold Rosenwald, Earl Crouter and Alfred Teton, all special assistants to the United States attorney general, and two stenographers.

Attacking to have the indictment quashed, the defense contended it had not been legally drawn and set forth no allegation of false pretense.

The defense also petitioned the court to have contempt proceedings brought against the four New Orleans newspapers but no decision was given on that by Judge Borah when he pronounced his other rulings today.

PRISON TERM THREATS MADE BY CANDIDATES

Three Seeking Governorship Talk Of Convicting Others

NEW ORLEANS, Nov. 27.—(AP)—Some of the candidates for governor of Louisiana, who were offering a unique way to get each other out of the way, in victory in the January 16 primaries, raised the stakes to penitentiary terms over the week-end.

Governor Earl K. Long in a speech Sunday said that if he did not "send Morrison to the penitentiary within one year after you elect me governor" he would resign.

James H. Morrison of Hammond, speaking shortly afterward at the same place, replied "When I, Jimmy Morrison, am governor of Louisiana, I am going to put Earl so far back in the cane patches in Angola that they will have to pay daylight out to him so that he will know the difference between night and day."

Last night state Senator James A. Noe, after assailing political opponents, declared at Mamou, "All I hope is that a few of these damned are still in Louisiana this day when I become governor, for if they are I will do the people of Louisiana the unparalleled service of confiscating everything they have stolen and put them in the penitentiary to the limit of the law."

San Jones of Lake Charles and Vincent Moseley of Opelousas had no such threats to make, but the people's league, a civic organization here, asserted in a public letter to Governor Long that it would seek the arrest "of yourself or anyone" who forced state employees to contribute to a campaign fund.

MAN KILLS 2, SELF, HURTS TWO OTHERS

Creeps Into Home Of Estranged Wife And Starts Shooting Spree

PHILADELPHIA, Nov. 27.—(AP)—A young man crept into the home of his estranged wife early today, shot to death two women of her family, wounded his wife and her father, then took his own life.

Detective Peter McCormick said Stanley Krygier, 30, sent bullets into the hearts of his mother-in-law, Mrs. Josephine Neckoski, 45, and her 17-year-old daughter, Florence, as they ran for a stairway to escape.

Wounded in the chest, Krygier's 22-year-old wife, Regina, sought to escape by plunging through her bedroom window to a porch roof. Krygier followed her, the detective said, and beat her with a hammer until she relented to the payment.

Her father, Felix Neckoski, 57, was shot in the chest but fled the building by knotting together several sheets, tying them to a bed-post and lowering himself. He fell and broke his ankle.

McCormick said the young husband, a construction laborer, was maddened by jealousy of his wife and wanted her to establish a home away from her family.

LONG OUSTER SUIT DENIED

Judge Dismisses Move To Mandamus District Attorney Sanchez

BATON ROUGE, La., Nov. 27.—(AP)—Judge J. D. Womack, sitting in division B of the nineteenth judicial district court here today dismissed the suit seeking to mandamus District Attorney Sanchez to file out proceedings against Governor Earl K. Long.

The suit was brought under an old "carpet bag" law which provided that any officer giving recognition to an usurper automatically vacated his own office. It alleged that Governor Long vacated his own office by recognizing David M. Ellison and later Lesley P. Gaudin as attorney-general.

A separate suit for the ouster of the attorney-general is pending. Judge Womack said that he had examined the law and the court decisions and had decided that the law was so clear that a written opinion was not necessary. He said the constitution provided the exclusive method for removing a governor and that any other method provided by the legislature was not valid.

The constitution provides for impeachment by the legislature. The plaintiffs in the suit are Robert L. O'Neal and Miss Julia Field, residents of this parish.

fluence in the community until it was dissolved by consent of the owners.

In 1909, Mr. Atkins moved to Monroe and assumed the management of the Monroe Hardware company. It was not until 1912 that he was elected president of the company. He was the man at the helm that the business was but \$100,000. Just a few years later, in 1923, the business had increased to \$1,000,000 a year in its turnover.

Mr. Atkins was a man possessed of singular ability when it came to business management and that on a large scale. He was a man who gave his attention to details and whose vision was his guiding light in making one of the most outstanding successes of any man in the business world of Louisiana. He was identified with more large business interests than probably any other man in this section of the state. He was president of the Monroe Hardware company, as stated, vice-president of the Central Savings Bank and Trust company, vice-president of the Durrett Hardware and Furniture company, president of the McWilliams Hardware and Furniture company of E. Dorado, Ark., an officer in the Monroe Automobile and Supply company, director of the A. and L. railway and of the Louisiana Power and Light company, and also interested financially and heavily in many other companies, being associated with W. L. Frazier in extensive business enterprises for the past 30 years.

Mr. Atkins was interested first and foremost in his business and next in that came his interest in his family. He was not one who sought to make a fortune for the selfish purpose of making money, but rather he sought to make a better life for himself and his family. He was directly seeking after a better life for himself and his family, and he was not one who sought to make a fortune for the selfish purpose of making money.

During the administration of Mayor H. D. Adams, Mr. Atkins was a member of the city council. He was an enthusiastic supporter of the Huey P. Long and was named in the face of his own protest as chairman of the Louisiana League of Women Voters. He was named as chairman of the committee to serve on an advisory committee to recognize business interests in the charge of the expenditure of funds for the construction of the state highways. He was named as chairman of the board of directors of the Louisiana Training Institute.

Governor E. D. Dwyer recently named him as a member of the Mississippi river and commerce commission. He was named as a member of the Mississippi river and commerce commission. He was named as a member of the Mississippi river and commerce commission.

Commodore W. E. Longfellow of the American Red Cross became number one life saver 25 years ago; Miss Carol Hawes of Peabody, Mass., became number one in life saving in August, 1939.

THE water-shy American is fast becoming a life saver. It is estimated that upwards of \$500,000 persons now pass swimming and boating in this country each year, which is said to be more than the number participating in all other forms of active recreation.

Despite the fact that the number of life savers has increased in proportion to the increase in the number of people who are swimming and boating, the Red Cross life saving service is still a relatively new one. It was first organized in 1914, when the Red Cross life saving service was first organized. The life saving service is still a relatively new one.

during the brief delay in making the blockade effective. Great Britain was anxious to avoid penalizing neutral trade while trying to punish the Reich. There were indications the blockade would not be rigidly enforced where grave hardship on neutral countries would result.

Two hundred additional trawlers have volunteered for mine-sweeping duty. It was disclosed, in reply to Britain's appeal for aid.

SOVIET RUSSIA SENDS VIRTUAL ULTIMATUM

The Russian-Finnish dispute flared to grave proportions today as troops of Russia's big Red army staged meetings called for "strictest measures" and warning Finland that "ten days were enough to conquer Poland."

These demonstrations followed upon a "border incident" yesterday in which the Russians charged the Finns with killing four and wounding nine Red soldiers. Moscow sent an ultimatum-like note to Finland demanding withdrawal of Finnish border garrisons.

Finland denied there had been any shooting from the Finnish side and appeared ready to refuse the Russian demand. It was said the government would regard the demand, which called for withdrawal "without delay," but contained no time limit, a "friendly proposal."

Finland, although expected to refuse to withdraw the frontier forces, made ready to reply to the Russian note. The cabinet discussed it today.

Russian new charges against Finland are laid on this background. Moscow, after successfully extending military and political influence into the Baltic states of Estonia, Latvia and Lithuania by calling diplomats of these nations to Moscow for negotiations, issued a similar call to Finland on October 7.

The Russians demanded, among other things, naval bases along the northern coast of Finland, the Gulf of Finland and a northward shifting of the frontier north of Leningrad. Finland was to be compensated with other territory.

Under adamant Finnish refusal to accede outright, the Russian demands were modified somewhat but still called for Russian occupation of strategic Finnish islands in the Gulf of Finland and extension of Russian influence west of Murmansk to cut off Finnish access to the Arctic ocean. Finland still refused, and the negotiations were broken off on November 12.

Naval warfare continued to be the most active phase of the European conflict. The British fleet, under Admiral Sir Robert Ross, was reported as having been ordered to seize at sea all German export ships regardless of whether neutral ships were carrying cargo.

The order was expected to be made effective within a few days, giving an opportunity to give further explanation of the plan.

Ship seizures reported today included the 18,000-ton British freighter Spaulding, the 14,000-ton British freighter Ruxton, the 16,000-ton German freighter Borkum, and a 30,000-ton German tanker.

The news came that after a particularly disastrous Sunday in which the 14,000-ton Polish liner Pilsudski, chartered to Britain, and the 16,000-ton armed British merchant cruiser Rawalpindi went to the bottom.

In the midst of this new wave of warfare, Prime Minister Chamberlain in a broadcast address yesterday declared that the British government was determined to establish a new European peace in which nations which inhabit it will approach their difficulties with good will and mutual tolerance.

There was one relatively peaceful move on the European scene as Italy granted "extraordinary winter leave" to members of several classes of army reservists beginning December 1. It was expected that about 300,000 men would be affected.

This, he proposes to balance the budget by increasing expenses and reducing income.

The speaker must face the fact that if we are going to give government help to the more unfortunate families, the state must provide insurance, housing and medical assistance, that help will have to be supplied by those who do not require it themselves.

He adds that it cannot come from the rich, because even if their incomes were confiscated not enough money would be had.

It can only come from the two-thirds who are not underprivileged, from the average prudent and successful workman.

REPUBLICANS TO HOLD MEETING DECEMBER 7

WASHINGTON, Nov. 27.—(AP)—Republican party managers likely will get their first peek at a possible nucleus of their 1940 platform when the national committee's executive group meets here December 7.

Party leaders said today that Dr. Glenn Frank, former president of the University of Wisconsin and head of a large private committee which has been mapping a Republican program for the coming national elections, would be invited to attend.

Should Dr. Frank turn up all the reports of his subcommittees in time, it was said, the latest draft of his program will come in for considerable debate. It may furnish at least the basis for many ideas to be developed for next year's platform.

The executive committee, composed of nine officers and 15 members of the national committee, probably will discuss tentatively the time and place for the party's national convention, although the decision rests with the entire national committee, which is not expected to meet until January.

To hear one Republican leader still at the capital tell the party that it lost to Franklin D. Roosevelt in 1932 and 1936 must, among other things:

1. Work out a farm program that will not only be as attractive in benefits to the farmers as the current administration program, but one that will improve on the present one as to "workability."

2. Evolve a labor plank on which all factions of labor can agree.

3. Formulate relief and other plans for lower income groups, including a plank that would serve as a magnet for negro voters lost to the Democratic party in recent years.

SPORTS ROUNDUP

NEW YORK, Nov. 27.—Well, let's see what's going on around here. President Hutchins is getting after the game warts from his office. One old grad messaged from Kansas City, reminding to know if it really was the game of the temperature they were standing on the radio. The Dodgers will not broadcast their Sunday game next summer. A newspaper just wires from Los Angeles that the Texas Aggies are the River Bowl choice of the man in the street, but that was Tom Kester, 18-year-old Cornell N. Y. bowler who had a 300 game last year, rolled games of 214, 214, 214 in a league match the other night.

ELEVEN TEAMS ARE UNBEATEN

Five Have Finished Season And Defeat Of Others Unlikely

NEW YORK, Nov. 27.—Only 11 college teams have managed to come through to football's last big week without a defeat.

When San Jose State of California beat neighboring Fresno State Thursday, that took the lone leader out of the group.

Of the 11, five have finished their seasons, and the others hardly look as though they would give up now after coming along this far without a defeat.

Cornell, Marquette (Missouri) Teachers, Slippery Rock (Pennsylvania) Teachers, New Britain (Connecticut) Teachers and De Sales of Toledo have finished and are supposed to be replete to boot.

San Jose State, Louisiana State Normal of Natchitoches, Texas Aggies, Tennessee, Colorado Mines and Duquesne are each one game away from a perfect season, that shows no other defeat not to be.

Of the leaders, Tennessee is the only one to have its goal line unbreached.

The ranking elevens:

Team	Games	Points	Opp.	Points
San Jose State (Calif.)	12	312	29	
Louisiana State Normal	10	139	18
